Radiology Partners Earns 2021 Great Place to Work-Certification™ for the Second Consecutive Year

(EL SEGUNDO, Calif.) Dec. 14, 2021 – Radiology Partners (RP), a leading radiology practice in the U.S., announced it is again Great Place to Work-Certified™ for the second consecutive year. The certification is a significant achievement, as the award is based entirely on what current radiologists and support teammates say about their experience working at RP. Through its rigorous, data-driven methodology, Great Place to Work Certification™ confirmed that more than 80% of RP teammates say they are proud to work for the practice and believe they make a difference in their work—a testament to RP's bold mission to transform radiology.

"We are thrilled to be the recipient of the Great Place to Work Certification™ for the second consecutive year," said Ari Fleischauer, Vice President of Human Resources for RP. "We are deeply committed to creating and cultivating a positive workplace that people want to be part of, and radiologists and support teammates are the force behind both our culture and mission. We also recognize that positive employee experiences drive better business results and ultimately make a difference to the patients, referring physicians, clients and communities we serve."

"Great Place to Work Certification™ isn't something that comes easily—it takes ongoing dedication to the employee experience," said Sarah Lewis-Kulin, Vice President of Global Recognition at Great Place to Work. "It's the only official recognition determined by employees' real-time reports of their company

culture. Earning this designation means that RP is one of the best organizations to work for in the country."

According to Great Place to Work research, job seekers are 4.5 times more likely to find a great leader at Certified workplaces. Additionally, employees at Certified workplaces are 93% more likely to look forward to coming to work, and are twice as likely to be paid fairly, earn a fair share of the company's profits and have a fair chance at promotion. RP offers opportunities for radiologists and opportunities for support teammates across the country and at every level of the practice.

About Radiology Partners

Radiology Partners is a leading radiology practice in the U.S., serving more than 3,200 hospitals and other healthcare facilities across the nation. As a physician-led and physician-owned practice, our mission is to transform radiology by innovating across clinical value, technology, service, and economics, while elevating the role of radiology and radiologists in healthcare. Using a proven healthcare services model, Radiology Partners provides consistent, high-quality care to patients, while delivering enhanced value to the hospitals, clinics, imaging centers and referring physicians we serve.
