

## From our radiologists: What to keep in mind on Match Day

Match Day is approaching, and at Radiology Partners (RP), we want to wish a sincere "good luck" to all medical students awaiting this special day!

We are closing in on the third Friday of March, where fourth-year medical students find out where they will train in their residency programs. They have completed a lengthy process beginning in the fall, from determining the specialty in which they want to train and completing interviews and site visits at different healthcare facilities, all leading to a much-anticipated day of matching with their residency program and taking the next step in their medical careers. Learn more about the <u>residency match process here</u>.

We asked a few of our leaders to share their recommendations on what to keep in mind in the excitement on Match Day and as residency training begins (particularly for those in radiology). Take a
