

Radiology Partners to Support Continuity of Patient Care, Client Service and Team Stability in Envision Healthcare Radiology Services Transition

(El Segundo, Calif.) April 30, 2025 — Radiology Partners (RP), the leading technology-enabled radiology practice in the U.S. through its affiliated practices, today announced it will work with Envision Healthcare (Envision) to support the transition of radiology services as Envision transitions out of the specialty and positions its teams with a practice solely dedicated to radiology. Under a transition agreement, RP is positioned to provide a seamless path forward for clients who choose to continue care through its practice—helping ensure continuity for patients, stability for clients and support for radiologists and non-clinical teammates. This transition reflects a commitment to

minimizing client and patient disruption and preserving trusted relationships across ~95 client sites, including onsite and teleradiology services. RP anticipates onboarding up to 400 radiologists, reinforcing its commitment to local care delivery, clinical excellence and strong operational partnerships.

Through this transition, RP will work to preserve the high standard of care patients expect, support existing clients and seamlessly onboard radiologists and support teammates who choose to join RP. RP's approach reflects its foundational priorities: patient-centered care, scalable clinical and technological innovation, physician leadership and long-term partnership with hospitals and health systems.

"This transition underscores the strength of our mission, our differentiated service offering, the trust we build with clients and the practice environment our teams have created," said Rich Whitney, RP CEO and Board Chair. "We are honored to be in a position to support patients, clients and the Envision radiology team through this critical transition of care."

As the transition unfolds throughout 2025, RP is focused on earning the trust of Envision radiology clients—demonstrating RP's value through clinical excellence, technology innovation, operational reliability and continuity of care. Concurrently, the practice is committed to welcoming Envision radiologist and support teammates thoughtfully, knowing that exceptional patient care begins with empowered teams and strong local relationships.

About Radiology Partners

Radiology Partners, through its affiliated practices, is a leading radiology practice in the U.S., serving more than 3,400 hospitals and other healthcare facilities with high quality radiology, technology and artificial intelligence solutions. As a physician-led and physician-owned practice, our mission is to transform radiology by innovating across clinical value, technology, service and economics, while elevating the role of radiology and radiologists in healthcare. Using a proven healthcare services model, Radiology Partners provides consistent, high-quality care to patients, while delivering enhanced value to the hospitals, clinics, imaging centers and referring physicians we serve.
