Radiology Partners and Mosaic Clinical Technologies™ to Establish National Headquarters in Nashville, Tennessee

Relocation aligns with practice's growth as a leader in radiology services and imaging technology

(EL SEGUNDO, Calif.) August 4, 2025 – Radiology Partners (RP), the leading provider of technology-enabled radiology services in the U.S., today announced it will relocate its national headquarters to Nashville, Tenn., alongside its new technology services division, Mosaic Clinical Technologies™. As the practice continues to expand its reach and impact across the country, the move to Nashville reflects the strategic importance of being closer to many health system clients and partners, as well as being in the heart of the nation's most dynamic healthcare hub.

"Nashville is a recognized center for healthcare innovation, entrepreneurship and policy," said Rich Whitney, RP CEO and Board Chair. It offers proximity to many of our partners, access to top healthcare talent and a strong ecosystem for collaboration. We're excited about the opportunities this transition unlocks for our teams, clients and the communities we serve."

The announcement follows the recent launch of Mosaic Clinical Technologies™ and MosaicOS™, RP's next-generation, cloud-

native operating system that brings together radiologist-driven workflows, advanced AI tools and smart automation to help hospitals and imaging centers improve outcomes and scale imaging care more efficiently. RP's continued investment in technology underscores the importance of being headquartered in a city known for accelerating healthcare innovation.

While headquarters will shift to Nashville, RP and Mosaic Clinical Technologies™ will continue operating in a distributed model with strong local market leadership and a patient care focus. RP will maintain a presence in select locations across the country to support specific operational needs. Additional information, including RP's new headquarters address, will be shared once finalized.

About Radiology Partners

Radiology Partners, through its affiliated practices and its Mosaic Clinical Technologies division, is the leading technology-enabled radiology practice in the U.S., serving more than 3,400 hospitals and other healthcare facilities with high quality radiology, technology and artificial intelligence solutions. As a physician-led and physician-owned practice, our mission is to transform radiology by innovating across clinical value, technology, service and economics, while elevating the role of radiology and radiologists in healthcare. Using a proven healthcare services model, Radiology Partners provides consistent, high-quality care to patients, while delivering enhanced value to the hospitals, clinics, imaging centers and referring physicians we serve.
