

Teammate Appreciation Day 2026: Building the Future of Radiology - Together

At Radiology Partners (RP), our people are the driving force behind everything we do. Every day, our teammates bring purpose, collaboration and a deep commitment to doing what's right for patients - and that shared spirit continues to propel our mission to transform radiology.

As we recognize National Employee Appreciation Day (or Teammate Appreciation Day, as we call it at RP), this moment offers more than an opportunity to say thank you. It's also a chance to reflect on the meaningful momentum we're building together in service of patient care and clinical excellence.

That momentum is evident in the exciting growth across RP over the past year. With the launch of [Mosaic Clinical Technologies™](#) and [MosaicOS™](#), RP is expanding its AI capabilities and clinical services and delivering advanced tools and insights that help care teams work more efficiently and effectively. At the same time, the [acquisition of Cognita Imaging Inc. by Mosaic Clinical Technologies™](#) strengthens our ability to innovate, scale and accelerate solutions that support radiologists, practices and, most importantly, patients.

This collective commitment is also reflected in another achievement worth celebrating: Radiology Partners has [earned Great Place to Work® Certification for the sixth consecutive year](#). More than 80%

of RP teammates report that the practice fosters a flexible, welcoming environment where people are trusted with meaningful responsibility and empowered to do their best work.

While individual contributions matter, it's the collective ingenuity and teamwork across RP that make progress like this possible. From advancements in AI and technology to the daily expertise and compassion of radiologists, technologists and support teams nationwide, everything we do is rooted in service to patients and the communities who rely on us.

Together, RP is building the future of radiology – guided by purpose, powered by people and focused on delivering high-quality, patient-centered care every day.

Thank you to every member of the RP team for all that you do. It is truly an honor to work alongside such a talented, passionate and purpose-driven team!

[Radiology Partners](#), through its owned and affiliated practices, is a leading physician-led and physician-owned radiology practice in the U.S. Learn more about our mission, values and practice principles at [RadPartners.com](#).
